

Terms and Conditions – Dumpster Rental

By accepting delivery of the dumpster, the Customer agrees to the following terms and conditions:

1. Rental Period

Weekly Dumpster Rental

The weekly rental fee is \$250 plus tax. The dumpster will be delivered on your scheduled delivery day and may be kept for up to seven (7) days.

Example: If the dumpster is delivered on a Friday, pickup will be scheduled for the following Friday.

If you need the dumpster longer than seven days, an additional fee of \$10 a day plus tax will be charged for each additional day.

Weekend Warrior Rental

The Weekend Warrior rental fee is \$200 plus tax. The dumpster will be delivered by 4:00 PM on Friday and picked up the following Monday after 7:00 AM.

If you need the dumpster for an additional day, the fee is \$50 plus tax. Any extended weekend rental will then remain on site until the upcoming Friday pickup, becoming our standard 7-day rental. We can pick up the dumpster any time before those 7 days.

2. Disposal Weight Charges

The rental prices DO NOT include disposal or dump fees.

Disposal fees are charged at:

- \$110 per ton, or
- \$0.055 per pound

A copy of the dump ticket will be attached to your invoice.

3. Loading Restrictions/Swap-out Fee

Dumpsters must not be loaded above the top rail. Overfilled dumpsters may not be hauled for safety reasons and may result in a \$150 dry run fee.

If your dumpster becomes full and you need another dumpster, we can swap it out for a fee of \$150 plus tax, plus disposal charges.

****A swap-out does not reset your 7-day rental period. Any additional days kept beyond the first 7 day rental will be charged the daily overage fee of \$10 a day plus tax, no matter how many containers you use.**

4. Prohibited Materials

The following materials are prohibited unless approved in advance:

- Hazardous waste
- Chemicals
- Liquids
- Paints
- Oils
- Asbestos
- Tires
- Batteries
- Propane tanks
- Refrigerants or appliances containing refrigerants
- Any other restricted materials

The Customer is responsible for any additional disposal costs, cleanup charges, fines, or penalties resulting from prohibited materials.

5. Access and Pickup

The Customer is responsible for providing clear and safe access for delivery and pickup.

If the dumpster cannot be accessed due to blockage, snow, locked gates, vehicles, or other obstructions, a \$150 dry run fee may apply.

6. Property Damage

Protective boards are placed under all dumpsters; however, dumpsters are heavy (approximately 3,000 lbs empty), and placement may still cause damage to driveways, pavement, lawns, or other property surfaces.

The Customer is responsible for determining the placement location and assumes responsibility for any resulting property damage.

7. Relocation of Dumpster

The dumpster may not be moved by the Customer or by on-site equipment after placement.

If relocation is needed, please contact us. Additional charges may apply.

8. Responsibility and Liability

The Customer is responsible for the dumpster and its contents while it is on site, including any damage, theft, fire, misuse, or vandalism.

Mechanical compaction of dumpster contents is strictly prohibited.

9. Payment Terms

Payment is due within 10 days of invoice date.

Any unpaid balances may be subject to additional fees or collection costs.

10. Additional Charges

Additional charges may apply for:

- Overweight loads
- Prohibited materials
- Extended rental periods
- Overfilled dumpsters
- Blocked or failed pickup attempts
- Special handling or disposal requirements

By using our services, the Customer acknowledges and agrees to these Terms and Conditions.
